- 3) DUR Board Update.....Robyn Seely, PharmD
- 4) Antimetabolite Agents Over view of Clinical Outcomes.....Melissa Archer, PharmD
 - a) Other States Report..... Lisa V. Hunt, R.Ph.
 - b) Public Comment
 - c) Board Discussion/Questions
 - d) Board Action
- 5) Meeting Adjourned.....Chair, Ellie Brownstein, M.D.

Public comment that responds to the materials presented by the College of Pharmacy @University of Utah is most helpful. The foundation documents used for most reviews are prepared by the Oregon Evidence-based Practice Center or the University of Utah College of Pharmacy and are posted in advance on the P&T Committee website.

Manufacturers are requested to submit any additional materials they would like reviewed as part of the process to:

Dr. Gary Oderda
College of Pharmacy
30 South 2000 East
SLC, UT 84112-5820

All materials must be clearly labeled that they are submitted for consideration as part of the state of Utah Medicaid Preferred Drug List Program review process. Materials must be received at least 60 days before the scheduled review date. Materials most useful to support the evidence-based process include any new evidence (information from clinical trials or studies when possible) after the Oregon monograph was prepared, unpublished materials the company would like considered as part of the process, or any other materials not likely to be included in a literature search.

Tentative Utah Medicaid P&T Schedule 2013
